- UX Design Introduction - Forage

About Me

I am an enthusistic individual who loves exploring technology and design, working on creative projects, and learning through experience.

PROJECTS

- **My Blog Website**
- Created and published a personal blog to showcase my photography and introduce myself; appears on Google search. Built with HTML, CSS, and JS.

- **Car Sales Prediction**
- Developed a machine learning model using Python and scikit-learn to predict car sales based on a Kaggle dataset. Cleaned and analyzed the data, visualized trends with Altair, and derived actionable insights from historical sales patterns
